PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with hands-on internship experience in full-stack web development and a strong track record of building AI, machine learning, and automation projects. Skilled in Python, Java, and modern frameworks (Flask, FastAPI, React). Seeking full-time opportunities as a Software Developer / AI Engineer.

EXPERIENCE

Software Development Intern — 3C Customization Technologies Pvt. Ltd. | Duration: 3 Months

- Developed and maintained web application features across both frontend and backend, collaborating with the engineering team on real production code.
- Built responsive UI components and integrated them with backend APIs to deliver functional, tested features.
- Gained practical exposure to full-stack development workflows, version control, and collaborative software delivery practices.

PROJECTS

AI-Based Medicine Recommendation System | Python, Flask, Machine Learning

- Built an ML model to predict diseases from symptoms and recommend appropriate medicines.
- Deployed the model through a Flask web application for real-time predictions.

Eccho-Tracker | FastAPI, React, Supabase

- Built a full-stack echo/mention tracking application with a FastAPI backend, React frontend, and Supabase database.
- Designed REST APIs and a responsive UI for real-time tracking and data visualization.

Vision AI Analyzer | React, FastAPI, Google Gemini AI

- Developed a full-stack web app that uses Google Gemini AI to analyze images, extract detailed content, and generate AI summaries.

AI Agent for Automation | Python, Google Sheets API, Telegram Bot API

- Automated bill data extraction and logging using Google Sheets and Telegram bot integration, reducing manual data entry effort.

TECHNICAL SKILLS

Languages: Java, Python, C (Basic)

Web & Frameworks: HTML, React, Flask, FastAPI

Concepts: OOP, Data Structures, Machine Learning Basics, AI, REST APIs

Tools & Platforms: VS Code, PyCharm, JDK, Git/GitHub, Supabase, Google Sheets API

EDUCATION

B.Tech, Computer Science Engineering (2022 - Expected 2026)

12th Standard: 60% | 10th Standard: 80%

LANGUAGES

English, Hindi, Marathi
